Landscape Design

Our landscape designs incorporate our customer's desires along with our own creative ideas to add to the yard's appearance and functionality. When creating your design, we use your Real Property Report and outline everything to scale. This allows you to see a realistic plan of your dream yard. Our comprehensive, full colour design includes: retaining walls, Chinook hardy sod, water features, all plant material, patios, fences, decks and any other features our customers desire. There is a fee, depending on the size and complexity of the design.

Ponds, Waterfalls and Streams

Peaks and Valleys Landscaping specializes in custom water features including: ponds, waterfalls, streams and bubbling boulders. Our goal is to create a serene environment, transforming your yard into a natural garden paradise. We take pride in designing and creating natural looking water features that enhance the look of your landscape.

Snow and Ice Management

PROVIDING TOP END SNOW AND ICE MANAGEMENT IN CALGARY FOR OVER 10 YEARS!

Peaks and Valleys Landscaping has been providing Snow and Ice Management in the Calgary area for over 10 years. We strive to provide you with the best possible service by using experienced and skilled operators. Our goal is to ensure that your parking lots and walkways are clear of ice and snow using our sophisticated fleet of equipment. We take pride in our prompt and efficient service and respond quickly once the snow has accumulated.

OUR FLEET OF EQUIPMENT:

- Wheel loaders
- Skid steers
- Plow trucks
- Various sidewalk equipment

4 STONE WORK, PATIOS & RETAINING WALLS

Take the next step and convert your outdoor living space into a wonderland with an amazing patio, retaining wall, or custom stone work.

5 FENCES, DECKS & PERGOLAS

The right fence in the right place is just what you need to ensure privacy. Compliment your space with a deck or pergola and really ramp things up.
